If you are interested in Ready Meds Pharmacy administering flu/pneumonia/COVID-19 vaccines at your facility, please return this letter with the attached informed consent completed for each client via fax within 2 weeks. Flu/Pneumonia/COVID-19 shots are available through Original Medicare at no charge. ***Please clearly mark off all vaccinations that are to be administered***. We can bill private insurance or Medicare Advantage Plans. These plans may have applicable co-pays. Please check with your client's pharmacy insurance carrier if you have any questions on his or her copay.

If your client **does not** have insurance or his/her insurance **does not** cover vaccinations, our prices are as followed:

- Flu vaccine $45.00
- High Dose vaccine $85.00
- Prevnar 20 vaccine $290.00
- COVID-19 Vaccine $195.00
- Other vaccinations Please inquire

We have a limited amount of High Dose flu shots available this year, please inquire about availability. High Dose flu shots are first come, first serve.

Our Suppliers do not carry "Preservative Free" shots.

We cannot bill Original Medicare or Medicare Advantages plans for Hospice patients. If you have a hospice patient, the only form of payment we can accept is cash.

This year we are excited to be offering Prevnar 20. The eligibility conditions are below:

- Vaccinated at least one year ago with Pneumovax 23
- Never received a pneumonia vaccination or vaccination history is unknown and:
  - 65+ years of age
  - 19-64yo with conditions or risk factors listed by CDC (See full list on next page)

Please have payment ready on the day of your flu shot visitation. You may also prepay by calling our pharmacy up to 1 day prior to your visit. We are not able to include the cost of vaccination on your client's AR account with the pharmacy.

Because of the high volume of requests we get from our facilities, we will only be able to visit each home once this flu/COVID-19 season. ***If all vaccinations are available, they will all be administered at the same visit.*** We will try our best to schedule your visitation on a day where all your clients are present. If for any reason one or more of your clients are not available on your visitation date, they will need to find another way to get their vaccine. We are sorry for any inconvenience this may cause you.
